

BUYS \$75,000 HERD OF STEERS

Montana Man Moving 1500 From Arizona to Ranch on Powder River.

A cattle deal involving in the neighborhood of \$75,000 has been consummated by the firm of Broadbent & LeBaron. By the terms of the transaction, F. A. LeBaron, a large cattle owner of southern Montana, becomes the owner of 1500 head of two year old steers. The sellers in the deal are not made public, although it is known that they are an Arizona firm.

Mr. LeBaron leaves El Paso Tuesday for his ranch on Powder River, 300 miles below Miles City, Mont., near the Wyoming line, and will personally accompany his cattle in transit. He owns 2000 acres of range in the mountains, and at present runs about 2000 head of cattle upon it.

Border Cattle Withstand Cold.
In view of the extreme cold of Montana compared with the moderate weather of Texas, some fears were expressed for the well being of the herd of Texas and Arizona steers on their arrival at Powder River. Mr. LeBaron, however, stated that the conditions will greatly aid the animals to stand the weather, and said that it had been his experience that the hardy cattle of this country are as well able to stand rigorous northern winters as after they have been fed up a little.

SNOW AND RAIN HELP THE RANGE AROUND BALMORHEA.
Balmorhea, Texas, Jan. 29.—Cattlemen say the snow and rain of the past 10 days will be of great benefit to the ranges, giving moisture which was greatly needed.

Shipments during the past week of livestock included a double deck car of fat sheep to Fort Worth by Thorpe & Sharpe, from Balmorhea, and two cars of cattle from Saragosa to Fort Worth by Mrs. J. L. Moore.

OSCURO MAN SELLS 500 CATTLE AT THREE RIVERS.
Alex Mills, of Oscurito, N. M., has reported the sale of 500 head of cattle to the firm of Everhart & Johnson of Three Rivers, N. M. The deal was consummated last week.

Weather in the Oscurito district has been bad according to Mr. Mills with heavy snow and intense cold. No bad effects have been experienced by the cattle, however.

CATTLE IN GOOD SHAPE ON PLAINS, SNOWS DO GOOD.
Littlefield, Texas, Jan. 29.—Cattle in the Littlefield country have come through the cold weather in good shape, according to local cattlemen. The heavy snow of last week, which amounted to more than four inches, has proven a great benefit to both the cattle and the farming interests. Sunshine, following the first heavy snow, caused it to melt gradually and soak into the ground, doing the greatest possible good.

WILSON'S MESSAGES IN NEW WORLD ALMANAC.
It is possible to count in The World Almanac for 1918 more than 20 titles referring directly to matters of the great war. And even though the passage of information on war affairs will not all have been accounted for. Everything is there, costs and occasions and the growth of the army and navy and the loans to foreign governments and the war chronology and the new taxes and the acts of congress and whatever.

Moreover, the messages of the president are there.

One notes that the pressure of battle topics has given to the new almanac the special title, "War Information Edition." It is easy for the most casual examiner to discover, however, that this suggestion of specialization does not imply neglect of those departments of reference and convenience on which The World's annual has built its fame.

If you freeze your cylinders take them to Brown Welding Co., who will weld, test and guarantee every cylinder fixed.—Adv.

"HOSS" BUSTER WANTS A CHANCE

Illinois Farmer Feels Call of West; Oregonian Would Save Cold Cattle.

"I am a western mule and will tackle the worst 'boss' that ever carry a brand," wrote Joe Star Hartung, of Winchester, Ill., to postmaster E. A. Shelton in a letter asking that the postmaster kindly take a little time and hunt him up a job.

Hartung is farming in Illinois at \$1.75 per day and the western wages that ranchers pay look good to him. He has been in Wyoming and Montana, but would rather go to Texas, which he spells with a small "t." He says that he is half Indian and half German-American and was "exalted" from the war.

Joe offers to do as much some day for postmaster Shelton if the postmaster will aid him in getting him a job.

This is only one of the various letters coming into the postoffice that spell extra work for postmaster Shelton, but he is always glad to aid writers for a change.

Offers Safety for "Freezing" Cattle.
R. J. Dolge, of Junonia, Ore., wrote suggesting that Texas and New Mexico farmers who have their cattle "facing death as the result of a heavy blizzard" either send them to Oregon for safe keeping or else buy hay in that country and ship it to their ranches.

"Will sell 200 tons of best alfalfa hay for \$15 per ton," he wrote, adding that there is the best of water and range in his country.

The cause of this letter was a dispatch sent over the country from El Paso by a news agency not the Associated Press which pictures hundreds of Mexicans in northern Mexico and thousands of cattle in the Texas Panhandle and New Mexico facing death.

Mr. Dolge evidently believed the dispatch, as he hurried the letter right along.

Another letter in the Tuesday morning mail to Mr. Shelton was from R. C. Sizemore, of Winfield, Ala., who wants information about the advantages of El Paso and community as to health, farming and stock raising.

Mr. Sizemore also asks for a copy of a county paper, also a city paper.

STOCK RECEIPTS AT UNION YARDS LIGHTER FOR WEEK.
Receipts at the El Paso Union stockyards for the week ended January 29 were comparatively light, as follows:

One car of 26 cows and bulls from Hermas, N. M., from Gibson Bros. to Robinson & Morris, El Paso.
Fourteen cars calves, 540 head, from E. R. Warren & Sons, Hachita, N. M., to Hulehouse, Texas.
One hundred and forty-two cattle driven in for Robinson & Morris.
Thirteen cars, 410 head steers, from J. H. Charles, Douglas, Ariz., to Amarillo, Tex.
Ten hogs trucked in from E. Link for Peyton Packing Co.
Two cars, 59 cows, from Tolbert & Hille, Canutillo, Tex., to Peyton Packing Co.
Two cars, 100 calves, from J. B. Gilllett, Ryan, Tex., to H. A. Baker, Carlsbad, N. M.
Twenty hogs driven in from E. C. Wilson to Peyton Packing Co.
Fifteen cars, 100 calves, from Robinson & Morris, Berlin, N. M., to El Paso.
One car, 20 horses, from H. E. Williams, Duran, N. M., to Tucson, Ariz.
Three cars, 104 cattle, from D. F. White Commission Co., Bernardino, N. M., sold to Peyton Packing Co.
One car, four horses, from S. E. Thomas, Ranger, Texas, to Phoenix, Ariz.
One car, five horses and mules, from E. Penle, Weatherford, Tex., to Yuma, Ariz.

VICTORY BREAD MUST BE SOLD AT THE OLD PRICES.
Washington, D. C., Jan. 29.—The new victory bread, prescribed by the food administration, must be sold at the prices that now obtain for its equivalent of white bread.

FINE MEN TO BE MADE DIRECTORS

Chamber of Commerce Annual Election; Members Must Vote Personally.

Tomorrow all day, members of the El Paso chamber of commerce will ballot upon new directors for 1918. Nine names will appear on the ballot to fill the five vacancies on the board.

These are C. N. Hassett, O. J. Binford, H. W. Broadbent, W. S. Crombie, R. C. Held, I. Laskin, Fred W. Norton, H. T. Penford, Milton A. Warner and E. C. Wade, Jr.

Robert Krakauer, president of the chamber of commerce and present president of El Paso Rotary, was nominated, but sent in a letter today withdrawing from the race, asserting that he could not possibly give the time to the work if elected.

N. Hassett is vice president of the State National bank and a large property owner.

An Overland Street Man.
I. Laskin is an Overland street merchant and is expected to receive a good vote because it has been the wish for some time of those handling the affairs of the chamber of commerce to have that district represented on the board.

O. J. Binford is manager of the Southwestern Portland Cement plant. W. S. Crombie is vice president of the Crombie Commission company and a well known young business man.

Ed C. Held is a fuel and feed merchant. Fred W. Norton is head of the International Book and Stationery company.

H. T. Penford is a local contractor and an old time resident.

M. A. Warner is head of the Warner Drug company, a former business man of Mexico, and has been identified with the live interests of El Paso since coming here.

E. C. Wade, Jr., is a young attorney, who made a personal canvass for election to the board last year.

To be able to vote, members of the chamber of commerce must have paid dues to and including December 31, 1917.

Pay Dues to Dec. 31.
All ballots must be cast in person at the chamber of commerce. While ballots have been mailed to all members, they cannot be voted by mail. The ballot boxes will be open all day Wednesday in the chamber of commerce, where every member may cast his ballot.

Wednesday evening at 8 o'clock the annual meeting of the chamber of commerce will take place. Reports of officers will be submitted and the result of the day's balloting will be canvassed. It is possible that the newly elected directors and the hold-over members will also elect officers for the year.
